Tate Publishing Company, United States, 2015. Paperback. Book Condition: New. 226 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.Alaskan Paranormal explains the UFOs that have been seen for many years. Centuries ago, a society that was started in Babylon by Daniel, of the Bible, devoted their time to science. They were in contact with the Alexandria Library, where most of the learned people in the world had congregated. They sent many scientists; themselves, there to study and work. The society could see the decadence that was grasping the Babylonians and sought to leave there and insulate their children from this. They found such a place, and slowly left Babylon so not to alarm the ruler. They accomplished this by settling on a large island named Atlantis. When the Alexandria Library was destroyed around 400 AD, it set the world back at least a thousand years. While the world slipped into the Dark Ages, the new colony progressed exponentially. When Christopher Columbus discovered America in 1492, the colony had already circled all the planets in the solar system. In the late 1930s three young adults inadvertently discovered one of the new society s bases in Alaska. Alaskan Paranormal is their story.
