Reviews

It is one of the best publications. It is definitely simplistic but exciting in the 50% in the ebook. I am very happy to let you know that this is basically the greatest publication I have ever gone through within my own existence and could be the greatest PDF for ever.

MY HAPPY SAD MUMMY (PAPERBACK)

Jojo Publishing, United States, 2015. Paperback. Condition: New. Lucia Masciullo (illustrator). Language: English . Brand New Book ***** Print on Demand *****. Sometimes Mummy has happy days, where she talks and laughs all day long. Sometimes Mummy is sad. She cries all day and stays in bed. Sometimes she s so sad she has to go to hospital. The symptoms of a mental illness can be challenging enough for adults to understand and live with. For a child whose parent lives with bipolar disorder, witnessing and experiencing the highs and lows that this particular mental illness brings with it can be very difficult for a child to process. My Happy Sad Mummy provides both a starting point; for the necessary dialogue that will lead the child to a clearer awareness and understanding of their parent s illness, as well as comfort; to know that their experience is a shared one. I strongly recommend My Happy Sad Mummy - I have not seen anything of its like before. - Professor Philip Mitchell (AM, Scientia Professor, Head of the School of Psychiatry, University of New South Wales and Director of the Black Dog Institute) Author Michelle s personal journey of living these experiences suffuses the book with meaning and a gentle humour, which will provide families with wonderful opportunities for conversation about making sense of the situation. - Rose Cuff (Executive Director, Satellite Foundation. Victorian FaPMI Coordinator - Families where a Parent has a Mental Illness).
