Reviews

It is one of my personal favorite publications. Indeed, it is actually perfect, still an amazing and interesting literature. It has been printed in an exceptionally easy way which is merely soon after I finished reading this book where it really altered me, changing the way I believe.
(Neal Homenick IV)

MICHELANGELO: LOUVRE DRAWING GALLERY 1

5 Continents. 1 Paperback(s), 2003. soft. Book Condition: New. From the age of 12, when he executed his first drawings for his master Ghirlandaio in Florence, Michelangelo (1475-1564) drew incessantly, working and reworking his compositions. This book of 62 works from the Louvre's collection of Michelangelo's drawings—most of them acquired for the royal Cabinet du Roi—include drawings from his youth as well as deeply moving images created in his old age. This book is part of a series exploring the vast collection of master drawings in the Louvre—images by great artists that reveal their draftsmanship and, often, the processes that led to the creation of some of their most renowned works. Reproduced in color plates, the drawings here are catalogued and described in detail, and the book includes an introduction and chronology. 95.
