Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Good Dad Guide was written by Jock McMillan, father of five sons and for the last 40 years, a practising criminal lawyer in the UK. He was struck by the ease with which his sons have taken to parenting and the contrast with those clients who had not had the role models they deserve. This short book, designed to be read in under an hour, is the distillation of his thoughts on how to be a good father by starting with the basics of love and consistency and his view that even if you missed out on it from your own parents, it is not too late to give it to your kids to pass on to the next generation. In the words of the eminent childcare expert Madge Bray in the book's foreword Jock McMillan's no nonsense - How to love your kids to the moon and back in ten easy lessons - is a treasure trove of the nuts and bolts of parental love and how to do it, not to mention a blueprint for a much better society for all our kids.
