Edward Elgar Publishing Ltd, United Kingdom, 2013. Paperback. Condition: New. Reprint. Language: English . Brand New Book. This groundbreaking interdisciplinary Handbook showcases the latest intuition research, integrated in a framework that reconciles various views on what intuition is and how it works. The internationally renowned group of contributors presents their findings in five areas. Part I explores different facets of the intuiting process and its outcome, the role of consciousness and affect, and alternative ways of capturing intuition. Part II deals with its function in expertise, strategy, entrepreneurship, and ethics. Part III outlines intuitive decision making in critical occupations, the legal profession, medicine, the film and wine industries, and teaching. Part IV pushes the boundaries of our current understanding by exploring the possibility of non local intuition, based on the principles of quantum holography. Part V investigates different ways of developing intuitive skills. This cutting-edge, comprehensive Handbook will prove essential for academics and research students of the social sciences, particularly management, psychology, sociology, entrepreneurship, leadership, team dynamics, HR and training. It will also be an invaluable resource for industry professionals searching for soft-core methods to increase productivity and creativity/innovation, to improve leadership and organizational climate, or to adopt new staff training and development methods.
