

## Androgyne: Fashion and Gender

Filesize: 8 MB

### **Reviews**

*This publication is really gripping and exciting. It really is basic but unexpected situations in the 50 % in the book. It is extremely difficult to leave it before concluding, once you begin to read the book.*

## ANDROGYNE: FASHION AND GENDER

[DOWNLOAD PDF](#)

Thames & Hudson. Hardcover. Condition: New. 192 pages. The first visually led exploration of androgyny from representations in antiquity to its current prevalence in the fashion world and beyond. In January 2011, Jean Paul Gaultier's haute couture runway show ended with the image of a willowy blonde bride in a diaphanous gown. The bride was a man, and one of the first models to walk for both men's and women's collections. The event marked the start of a trend. This ad is gender neutral, proclaimed a 2016 poster for the fashion brand Diesel; I resist definitions, announced a Calvin Klein ad in the same year, while a Louis Vuitton shoot featured Jaden Smith wearing a skirt. The art of Edward Burne-Jones and Gustave Moreau, the writings of Oscar Wilde, and the mystic Josphin Pladan prove that the turn of the previous century was as compelled by androgyny as this one. From the late nineteenth to the early twenty-first century, the genders have blended: from Berlin in the 1920s to Hollywood of the 1930s with Garbo and Dietrich; from the 1940s Bright Young Things to the androgynous pop stars of the 1970s, and beyond. Patrick Mauries presents a cultural history of androgyny accompanied by a striking selection of more than 120 images, from nineteenth-century painting to contemporary fashion photography drawing on the worlds of art and literature to give us a deeper understanding of the strange but timeless human drive to escape from defined categories. 120 illustrations in color and black and white. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
