

The Physician Employment Contract Handbook: A Guide to Structuring Equitable Arrangements (Paperback)

Filesize: 2.71 MB

Reviews

Merely no words to clarify. I could comprehend almost everything using this published e publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Lori Terry)

Taylor Francis Inc, United States, 2011. Paperback. Condition: New. 2nd Revised edition. Language: English . Brand New Book. No matter which way you look at it, whether you own your own practice, become a part of a large physician group, or become an employee of a hospital, you will be signing an employment contract of some sort. Revised and updated, *The Physician Employment Contract Handbook, Second Edition: A Guide to Structuring Equitable Arrangements* provides sample physician employment contracts and explains how each contract works. The new edition includes increased information on the latest managed care entities and a review of basic concepts in fraud and abuse, corporate practice of medicine, and antitrust concerns. The author discusses the various legal and compliance issues related to physician employment, such as anti-self referral and anti-kickback issues, and examines how to resolve disputes through arbitration or mediation. The author also outlines the pros and cons of various partnership arrangements. After you have finished this book, you will be able to ask meaningful questions of legal and accounting counsel, do a preliminary review and analysis of the agreement offered, and even compare a prospective employer s contract to other standard agreements without endangering confidentiality agreements. You will be able to design standard text, saving time and money on legal fees by having counsel review and add the final touches to contract drafts instead of starting from scratch. With proper planning and a clear understanding of both short- and long-term objectives, you can move into the future and take advantage of opportunities in the current healthcare revolution.
