Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Roentgen Diagnosis of Surgical Lesions of the Gastro Intestinal Tract It is hoped that this work will be of value not alone to the Roentgenologist, but to the general practitioner and surgeon. To the physician this book will mean a greater familiarity with the possibilities of Roentgen diagnosis and a better appreciation of the real value of Roentgen evidence. However, we shall rest content if, with any measure of success, progress has been made toward the true classification and standardization of the varied and confusing Roentgen observations. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
