Seven Stories Press,U.S., United States, 2012. Paperback. Book Condition: New. New.. 226 x 152 mm. Language: English . Brand New Book. How did a charismatic young president elected in an atmosphere of optimism and expectation lead the United States to the brink of revolution? From a chance encounter in the early 1980s to the Democratic primaries of 2007-08, syndicated columnist and political cartoonist Ted Rall was one of the first to size up Barack Obama as we know him now: conservative, risk-averse and toned deaf. In *The Book of Obama* Rall revisits the rapid rise and dizzying fall of Obama--and the emergence of the Tea Party and Occupy movements--and draws a startling conclusion: We the People weren't lied to. We lied to ourselves, both about Obama and the two-party system. We voted when we ought to have revolted.
