Taylor Francis Ltd, United Kingdom, 2017. Hardback. Condition: New. Language: English . Brand New Book. Gender and body-based distinctions continue to be a defining component of women s identities, both in psychoanalytic treatment and in life. The book also explores the cultural definitions of motherhood, and how such definitions set exacting standards both for the acceptable face of motherhood and for women generally. While women s unique anatomy and biology have historically contributed to their oppression in a patriarchal society, it is the exploration and illumination of...
