The World Alliance and International Reconstruction (Classic Reprint) (Hardback)

By George Nasmyth

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The World Alliance and International Reconstruction During the past five months, in preparation for the meeting at The Hague, I have visited and conferred with the members of the International Committee and the national councils, in America, England, France, Belgium, Holland, Italy, Switzerland, Denmark, Sweden and Finland. The result of this experience is a profound conviction that humanity has a supreme need for the mobilization of all the spiritual and moral forces of its religious life if it is to solve the tremendous problems of the immediate future. The next few years will constitute a period of crisis and of extreme suffering for many of the countries of Europe. During this critical period, solutions must be found for gigantic problems, economic, social and political, problems of labour and capital, of international credit and finance, of immigration, of social sanitation, of shortage of food supplies, coal and raw materials, of transportation congestion and of complicated readjustment of national, cultural and racial interests.
