THE LIGHTNING STENOGRAPHY DEVICE (PAPERBACK)

Painted Blind Publishing, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The first marketable thought to text device is released for public consumption in 2031. That same year, author Cassius Wagner will have a seizure. At least, that is what the novel says: the novel to which he awakens in fragments one morning after a late night of writing. This novel. Terrified to have a prophetic manuscript unfurling at his heels, his desperation to evade his fate prevents him from considering that his lover and editrix, Katherine Beauvoir, might be wrestling with a destiny of her own. Told in four psychedelic parts which peak with the fable of a sublingual Huntress as she fights to save her King, THE LIGHTNING STENOGRAPHY DEVICE blurs the speculative fiction and fantasy genres to explore the fabric of literature, and the boundaries of reality.
