

Reactjs: For Web App Development (Paperback)

By Ralph Archer

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.React js This book is an exploration of React, which is one of the several Javascript frameworks. The book begins by exploring the framework shallowly in terms of how it works, and the difference it exhibits when compared to use of the other Javascript frameworks. The way in which the framework is used is also discussed in the first section. The book then guides you to display your data in React. In most cases, this involves the use of the render() function. You will learn how to use the function for the purpose of displaying the data. Dynamic user interfaces and the interactivity of data and other components in React is then explained in this book. The use of multiple components in React applications is covered in detail, so you will know how to use these in your React applications. The book explores the reusable components of React. You will learn how to create these and then use them in your React applications. The process of tooling integration in React is also discussed in detail. Add-ons, which are very useful...
