Nobody beleived me. They called me Delusional . Dr. Uppal figured it out, treated me and I am better now after so many years. Dr. Uppal saved my life. - Andronikki Rios The book is based on my practice of Infectious diseases and discovery of a new parasitic disease referred to as Morgellon s Disease. My experience made me realize the dilemmas of the recognition of the disease in the medical community and social implication. It made me understand how it may be spreading in United States and how it may be prevented as a Public Health issue. Hence to bring this awareness to the public and healthcare providers I was compelled to write this book. A 40 years old woman comes to my office with sores all over body. Complains of crawling sensations and itching. States she sees threads coming out of her body. She grabs the hand sanitizer and rubs on her belly and tries to bring out stuff. She has been diagnosed with delusional parasitosis . But in...

### Reviews

*Great electronic book and valuable one. It really is simplistic but surprises within the fifty percent from the book. Its been printed in an extremely simple way in fact it is merely right after i finished reading this publication by which in fact modified me, change the way i really believe.*
