Please feel free to contact us with any questions. Product Description: Eldritch Evolutions is the first collection of short stories by Lois H. Gresh, one of the most talented writers working these days in the realms of imagination. These tales of weird fiction blend elements wrung from science fiction, dark fantasy, and horror. Some stories are bent toward bizarre science, others are Lovecraftian Mythos tales, and yet others are just twisted. They all share an underlying darkness, pushing Lovecraftian science and themes in new directions. While H.P. Lovecraft incorporated the astronomy and physics ideas of his day (eg, cosmos-within-cosmos and other dimensions), these stories speculate about modern science: quantum optics, particle physics, chaos theory, string theory, and so forth. Full of unique ideas, bizarre plot twists, and fascinating characters, these tales show a feel for pacing and structure, and a wild sense of humor. They always surprise and delight. This book is part of an expanding collection of Cthulhu Mythos horror fiction and related topics. Call of Cthulhu fiction focuses on single entities, concepts, or authors significant to readers and fans of H.P. Lovecraft.
