Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Protecting Your Factory From Fire: A Manual of Fire Prevention for Industrial Plants This is not a book to be read for pleasure, but for information. It is a Tool to be used in Your business. It is a modest volume - but it has been strongly built to stand hard usage. It will find a useful place in your desk - it will fit your pocket. The author has kept the size down, but not at the expense of utility. It is full of information that may mean dollars - many dollars - to you. There are many books on Fire Prevention - many good books - but most of them are either highly technical or they approach the subject from a theoretical, rather than a practical viewpoint. There has been real need of a small, compact volume, written For the factory man, not At him - a volume which epitomizes the subject and tells what is needed in a few, plain words. A slight amount of repetition will be noted. This is due only to the authors desire to drive the lesson home - to make others see, as clearly as he does, the crying need for something to put a stop to the frightful fire waste in the United States - now more than \$250,000,000 a year, plus \$250,000,000 more for Fire Departments, to say nothing of the 3,000 lives that are lost annually in preventable fires. Fire prevention is a big subject. It is only just becoming known. We have much to learn - all of us. Therefore if this book can show you that to prevent fires starting is the...
