IRANDATE

Createspace, United States, 2003. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.IranDate is the Most recent novel about the Mossad activity in Iran. March, 2015. Whisked off in the middle of the night by a chopper taking him to a secure underground command center in Tel Aviv, Israeli Prime Minister Dov Dvir is brought up to speed on the greatest crisis ever faced by Israel: an email message sent by a Mossad agent, who has access to the highest echelons of the Iranian regime, warns that an Iranian nuclear strike against Israel will take place within forty eight hours, as a direct result of a coup by elite Iranian military units. As soon the Ayatollahs -fortified in a bunker in the holy city of Qom - realize that all is lost, they will launch their nuclear warheads at Israel. The Israeli leadership faces hard questions: should they launch a counter-strike against Iran based solely on the word of a solitary agent they d recruited years before? Will the United States stand with Israel in taking action? Can the Iranian missile launch be stopped? Is it possible to shoot down the Iranian missiles once they ve been launched? Should the Israeli public be alerted of the imminent danger at the risk of causing mass hysteria? The central characters are thrust, practically against their will, into the brewing crisis: Arnon, a former commander of an elite Israeli commando unit, who left the military after three of his men were killed in a training exercise; Kramer, the man who recruited the Iranian agent for Israel and later quit the Mossad out of sheer frustration, is now, years later, called back in for duty; Morteza, an Iranian student recruited by the Israeli Mossad...
