ROWMAN LITTLEFIELD, United States, 2004. Hardback. Condition: New. Language: English . Brand New Book. As the #1 topic in bioethics, cloning has made big news since Dolly s announced birth in 1998. In a new book building on his classic, *Who s Afraid of Human Cloning?*, pioneering bioethicist Gregory E. Pence continues to advocate a reasoned view of cloning. Beginning with his surreal experiences as an expert witness before Congressional and California legislative committees, Pence analyzes the astounding recent progress in animal cloning; the coming surprises about human cloning; the links between animal, stem cell, and human cloning; embryo politics; and other hot topics like artificial wombs and transgenic animals.
