Shen Chong Sheng translation. Overall, the author's purpose is not a detailed description of these problems. Non-professional language to accurately describe these problems is impossible - even familiar with the undergraduate mathematics degree term can not be done. (It can only tell you something about the nature of these problems.) Instead, the author's purpose is to provide the background for each problem, describe how it is produced, and explain what makes it particularly difficult, and so you are in some kind of extent why these issues are so important in the mathematician's view. The executive summary Millennium Puzzle (seven mathematical problems offering a reward of \$ 1.000.000) book by Keith Devlin. Shen Chong Sheng translation. After 2000. Cambridge, Massachusetts, United States Clay Foundation launched a contest of considerable historical significance: any person able to solve one of the seven major mathematical puzzles, experts have identified their answers are correct, can get a bonus of one million U.S. dollars. Also precedent for this: In 1900, one of the greatest mathematicians Hilbert (David Hilbert) 23 (now called Hilbert problem), in large part to the...
