For this new generation of students, now more than ever, higher education is the ticket to upward mobility. This book was written to address that void and save years of frustration and tens of thousands of dollars in tuition. If you are a student in high school or college, or parent of these students, this book will give you the insight and proper perspective needed to navigate college with confidence and secure a job. We have found our passion working with Millennials (also referred to as Generation Y). We define them as a generational cohort of individuals born in the 1980s and 1990s. We have worked with hundreds of high achieving college students from universities across the country and are sharing the lessons, experiences, wisdom and success strategies that elude so many. To successfully navigate The College Years requires personal characteristics we identify as the 4 Ps (Preparation, Performance, Persistence and Perception). If you implement the strategies outlined in this book, you can have the time of your life, as you change your life. Coached For Success! The College Years: Seven Success Strategies. . . for Millennials to Start and Finish College in Four Years will enable you to say you are truly College Educated, Coached For Success!, and ready to successfully transition into the workplace.
