Reviews

This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In this brief appendix to The Sinister Universe, we demonstrate that there is one universal unit of charge, or one fundamental coupling constant responsible for all particle interactions. The fundamental universal coupling constant is the charge to rest mass ratio of the electron; e/m e. We also demonstrate that the simultaneous measurement of the electron charge and mass is subject to the commutation relation $[q, m] = \hbar/i$.
