Reviews

It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

The only attempts which have been made to supply this want have been text-books on Civil Government, which have been merely expositions of the Constitution, and in which no effort has been made to give, what is still more important, a description of the actual workings of the machine of government, its divisions and organization. Especially here in Washington, in the very heart of government, in the midst of its practical workings, and surrounded by the great Departments, and Congress and the Supreme Court, is it important that the working features or administration of government should be known and understood. These notes are intended as an aid to teacher and scholar, and for use in a class, the members of which are already familiar with...
