Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Ignorance is rarely bliss when it comes to your retirement wealth. The fact that many Australians won't have the necessary capital to fund the lifestyle they deserve when they retire is a harsh reality that many people choose to ignore. In this book two professional traders (and former stockbrokers) show you why you should consider running a Self-Managed Superfund and how it can be the key to changing the way you live forever. Change your fear of investing into a passion for the markets. Some of the key things you will learn in this book: -What to look for in a broker so you can avoid the ones that don't have your best interests at heart -What type of trader/investor you want to be so that you choose a strategy that's right for you -The pros and cons of trading as an individual, company, trust or via an SMSF and how to make sure you set up an account type that's best for you -How to use professional resources to reduce your fear of trading -The simple ways to make money without betting on the market direction -What a typical day in our life looks like and how you can get the same results without the corresponding workload.
