## NETWORKS AND NETWARS: NEW PERSPECTIVES ON THE LATE COPPER AGE AND EARLY BRONZE AGE: TYPO-CHRONOLOGICAL RELATIONSHIPS OF THE BOLERAZ/BADEN/KOSTOLAC FINDS AT THE SITE OF BALATONOSZOD-TEMETOI DULO, HUNGARY (PAPERBACK)

British Archaeological Reports, United Kingdom, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In this study the author discusses the typo-chronological correlation of ceramic production of a conventional Late Copper Age Boleraz/Baden-type settlement excavated at Balatonoszod-Temetoi dulo (Zala region, western Hungary). By assessing the ceramic vessels and sherds, which came to light in large numbers, the excavator establishes a typological system for the settlement and correlates it with known Boleraz and Baden classification systems. Overall the study reassesses the relative and absolute chronological problems of the Late Copper Age and the Early Bronze Age in modern-day Hungary and suggest a new typo-chronological system based on the excavation at Balatonoszod-Temetoi dulo. In addition, the research also supplements the typological and settlement historical results already known from the site with other dating methods, such as thermoluminescence/optical luminescence.
