

Unity Festivals (Classic Reprint) (Paperback)

Filesize: 4.13 MB

Reviews

This pdf is indeed gripping and exciting. It is written in easy words and phrases and not confusing. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Unity Festivals Very far indeed they are from perfect. Expressions of worship grow very slowly to their noblest form. But these have come from so much and so reverent trial that we hope they will help awhile to make our Easter, Summer, Harvest and Christmas Festivals not only occasions, but the recurring occasions which bring with them every year the same thoughts and observance, associated with the same words and songs of worship. The influence of association is what we seek mainly, which is gained by using the same service year after year; it is our experience that with every repetition the Service grows dearer, more touching, more helpful. By degrees, tender and sacred memories will gather around them, which will make their recurrence truly sacramental. The element of variety is provided in the carols and hymns, and in the places left in the Services for each minister to select Scripture readings for himself. It is hoped and believed that the value of these Festival Days will become very great, both for the thoughts enshrined in them and for their joyful character; and that they will deepen and elevate the worship part of our church-life To these four it is hoped that each church will add a fifth, in its own way, namely, a Covenant or Fellowship Day, which may become for each its own most tender and beautiful observance: we have tried to supply some help toward this object. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format...
