COUNSELLING AND PSYCHOTHERAPY WITH REFUGEES

Jessica Kingsley Publishers. Paperback. Book Condition: new. BRAND NEW, Counselling and Psychotherapy with Refugees, Dick Blackwell, 'Blackwell looks at the role of political conflict in creating refugees and introduces us to the vital importance of politics in the therapeutic context. In his discussion of forced migration and cultural transitions, he describes some of the essentials of working cross-culturally, and attunes the therapist to the influence of their own political and cultural context. This is a concise book with many complex issues introduced succinctly and outlined clearly. It ends with chapters on working with interpreters, advocacy and welfare issues, supervision, and a comprehensive list of references and resources.'

- Bereavement Care 'It is most welcome to come across this easy-to-read book directed at those with responsibility for counselling or offering psychotherapy to recently arrived immigrants. Although primarily aimed at therapists, as a very broad introduction to working with refugees, it contains material relevant to social workers and health care professionals. This text does succeed in setting out a broad. introduction to the major themes of therapeutic work with refugees.' - British Journal of Social Work 'This excellent book has been written by a psychotherapist and supervisor with many years' experience at the medical Foundation for the Care of Victims of Torture, and he explains clearly and concisely the issues experienced by refugees, as well as the different areas of concern for counsellors and psychotherapists working with them. I can wholeheartedly recommend this useful, easy to read, concise and intelligently written book for anyone interested in this area of work.' - Counselling and Psychotherapy Journal 'It is rare to me to read a book in one sitting. But this slim volume more than inspires the concentration and deserves the investment. Do not be put off if you are working directly with refugees....'
