The Man Book is an essential life-skills handbook - a manual for everything a modern man needs to know. Designed for every (straight) man on the planet who has to survive each day trying to figure out how to be politically correct, how to deal with overbearing significant others, what his boss is really up to, what to wear, what to say, how to settle bar bets, as well as how to keep his friends amused. This is the ultimate book of skills and knowledge. In short, it's a little black book chock full of the stuff a man should know. Because men's needs extend beyond sports, sex and alcohol. Not far, but they do extend. This fascinating and incredibly useful volume includes edifying tutorials on: things never to say during sex; hottest animated women; the finest insults ever made; leprechauns; and so much more!.
