In French and Japanese, Hebrew and English, executives are asking, How can I survive and thrive in the borderless, global marketplace? For answers, the authors of *Global Literacies* went straight to the leaders themselves -- the CEOs of thousands of corporations around the globe. Two lessons emerged. First, there are leadership universals that every executive and manager needs to practice in order to be world-class at home and abroad. The second defied conventional wisdom: in the borderless economy, culture doesn't matter less, it matters more. Around the world, business leaders apply their own experiences -- personal, professional, and cultural -- to an ever-expanding world of Dutch colleagues, Brazilian suppliers, Taiwanese manufacturers, and Chinese competitors. S. -based Coca-Cola. In *Global Literacies*, a team of researchers led by Robert Rosen, Ph. D. , of Healthy Companies International, and Watson Wyatt Worldwide have produced the first model of international business success based on a wide-ranging landmark study of global leaders and their world-class companies. *Global Literacies* documents the exclusive results of a worldwide survey of over one thousand senior executives and in-depth interviews with CEOs of seventy-eight companies -- companies representing 3.5 million employees in more than 200 countries, and with more than 725 billion in annual sales. *Global Literacies* offers compelling new insights and business tools: The Global Leadership Universals Learn the new literacies of business: Personal Literacy...
