Are you tired of earning a minimal amount of interest on your savings account? Or perhaps, you would like to improve your financial lifestyle dramatically and are wondering where to start? If you have a positive response to any of these questions, then stock trading is the right option for you. Stock trading appears to be complex and challenging for anyone who has never tried it before. However, looking at the list of the world s richest people is evidence enough that stock trading works. The question though is, how can you get started today? The first thing you need to do is get an excellent understanding of stock trading, and all the basic information on what it entails, and that is what this book will provide for you. This book breaks down everything you need to know about stock trading from the very beginning. It starts with a detailed analysis and definition of exactly what stock trading is, explaining the meaning of stocks and how buying and selling of stocks can lead to profitability. The book then goes on to describe the different types of stocks, so that an investor can make the right decision based on their stock trading motivation. This section is followed by a breakdown of all the trading basics, designed to make it easier for anyone to start trading immediately. These basics also include how to read and understand stock price listing and stock trading tables. This will...
