Avatar Press, United States, 2010. Hardback. Condition: New. Limited ed. Language: English . Brand New Book. Whatever happened to the space heroes? Mary Raven investigates the murder of her father at Ignition City, Earth's last spaceport. a place where rockets belch smoke and arguments are still settled with ray guns! Grounded space pilot Mary Raven has come to the interzone settlement in the middle of Ignition City, Earth's largest spaceport, to recover the effects of her dead father. or so people think. Mary really wants to know how he died, and who was responsible. But today might be her last day on Earth, trapped on the last spaceport where no one cares about murder, and the only real currency is fear. She has her dead father's ray gun, and that's enough for space hero-turned-arms dealer Lightning Bowman to want her dead. But when she finds her father's lost diary she discovers something nobody else in Ignition City knows. and they'll want her dead for that, too. From Warren Ellis, the writer who reinvented science fiction in comics, comes IGNITION CITY, a retro-punk future of the past where spaceships belch smoke and arguments are settled with blaster pistols.
