Excerpt from The University of North Carolina Record, Vol. 69: High School Number; Suggestion to Teachers Accredited Schools; January 1909 The subjects accepted for entrance are arranged in two groups designated respectively Required Subjects and Elective Subjects. The term Required Subjects is used of those subjects which are required of all students who intend to pursue a regular course of any description. The term Elective Subjects is used of those subjects which are offered as alternatives in choice, (as, for example, between Latin and Greek), as well as of subjects not required in any sense for any of the regular courses. Thus French, German, Greek, Latin, etc., appear in the list of Elective Subjects because, though required for entrance to some courses, (see tables below), on the other hand, for entrance to other courses they may be offered simply as alternatives to make up the fifteen required units. Every subject in both lists has a valuation by units as indicated below. A total of 15 units selected from both lists is necessary for unconditioned entrance to the University. A candidate for entrance to any one of the courses leading to a bachelor's degree, must offer all the studies in the list of required subjects and, in addition, studies enough from the list of elective subjects to make the total of 15 units in all. At the discretion of the Committee on Entrance Certificates students may be admitted with conditions, provided the conditions are of such nature that, in the judgment of the Committee, they may be removed according to the regulation which follows.
