Prim-Ed Publishing, Ireland, 2013. Copymasters. Condition: New. Language: N/A. Brand New Book. Children enjoy the self-competition aspect of these activities while at the same time reinforcing their knowledge of essential facts. Additional material is provided on most pages for fast finishers. This material aligns with the competency level of the speed test being done and touches on an area that children find interesting. Curriculum links and answers have also been included for ease of planning and marking. The Lesson Format - A stopwatch is needed so children can be told their times. Question types should be discussed before the children attempt each test. The tests are designed to reinforce and improve rapid calculation skills, not introduce new concepts. Children start together. As they complete the speed test, they indicate this by calling out finished, or putting their hand up. The teacher tells the child the time taken and this is recorded by the child in the space provided. Activities are provided for the child to go on with when finished. Scope is provided for self-evaluation after marking. Marking - Teachers are able to use a variety of methods for marking. One approach children enjoy is the calling out of answers in groups...

Reviews

A top quality publication and also the font employed was interesting to learn. It is really simplistic but excitement within the fifty percent from the book. Its been designed in an remarkably basic way in fact it is only following i finished reading this pdf where in fact changed me, modify the way i believe.
