Reviews

This publication is indeed gripping and interesting. It is rally exciting throug reading period of time. I am just happy to inform you that this is the very best publication i actually have go through during my individual existence and could be he finest pdf for ever.
(Miss Lela VonRueden)

UNE HISTOIRE DE L'OBJECTIVITÉ;

Condition: New. Publisher/Verlag: Presses Académiques Francophones | L'objectivité dans les sciences, de Parménide à l'intelligence artificielle | Le présent ouvrage propose une reconstruction théorique : établir que - par-delà les différences épistémologiques, les époques et les trajectoires méthodologiques - l'histoire de l'objectivité est surtout celle d'un long effort de construction des standards des sciences cognitives. De Parménide à l'Intelligence artificielle, l'analyse offre ici l'occasion d'un voyage documenté au c_ur des sciences. L'option implique la mise en lumière d'indices historiographiques préfigurant l'acception contemporaine de la notion d'objectivité, tout en permettant de situer l'ampleur de la rupture instaurée, à leur sujet, par les conceptions actuelles. Ce livre est en lui-même un pari. Pari sur l'idée d'une mise en connexion de l'objectivisme idéalisé et des standards de l'intelligence artificielle ; pari, au final, sur la question de l'objectivité comme lame de fond structurant, de tout temps, le discours sur les sciences. | Format: Paperback | Language/Sprache: fre | 203 gr | 220x150x7 mm | 140 pp.
