University of Minnesota Press, United States, 1957. Paperback. Condition: New. Minnesota Archi. Language: English . Brand New Book. The Wine of Eternity was first published in 1957. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. Ever since the small Baltic nation of Latvia became a part of the Soviet Union in 1940, its identity has been blurred to Western eyes. Many of its people have left their country in voluntary or forced exile. But, wherever they are today, the Latvians still cherish and preserve a rich national heritage of folklore and culture. Much of this is revealed in these stories, the work of an established Latvian writer who became a wartime refugee from his country. This volume makes the work of Knuts Lesins available in English for the first time, although his writing has been published extensively in Europe in the original Latvian. In addition to the stories, the author provides a background sketch of the history and culture of Latvia. While much of the fascinating folklore of the country is interwoven in the stories, they are not primarily folk tales. They are perhaps best described as penetrating glimpses into human lives at moments of crisis or decision which reveal an individual's character and philosophy.
