How Books, United States, 2014. Hardback. Book Condition: New. 182 x 124 mm. Language: English . Brand New Book. You ll appreciate this design career guide if: You re a recent graduate and looking for a job as a designerYou want resume and interviewing advice, as well as tips for working in the design industryYou d like to learn how to avoid common pitfalls of asserting yourself in the design industry What They Didn t Teach You in Design School by Phil Cleaver provides advice on the stage from graduating, and getting into a studio and staying there as a valued designer, and explores best design practices. Though predominantly serving as a useful guide and bridge in the first year of your career as a designer, it should also be considered an essential tool that can be consulted when you re unsure of what to do next. Begin with the essentials of beginning your design career, like building your resume and portfolio, seeking out opportunities, and preparing for and securing interviews.More than just helping you get a job, however, this career guide serves to help you succeed in whichever design position you land. Learn how to effectively work with other designers and your own clients, keep up to date with the industry, hone your business skills, and much more. From the day after graduation to the completion of your first year as a design professional, this career guide will help you stay on top of your game.In What They Didn t Teach You in Design School you ll find: 11 chapters covering topics ranging from software skills, print production, and designer relations, to good design practice, web skills, and working with external suppliersHelpful design advice that you ll want to return to again and againA word from the author: Working...
