Reviews

This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.

THE SILENCE BEFORE THE WHISPER COMES

Hidden Brook Press, Canada, 2013. Paperback. Book Condition: New. 228 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.These quiet meditations offer lovely moments of clarity and expansion that sew / history to future / with the fine needle of heart. In the poet's words, they are a preface of hope. - Susan McMaster, Poet and Editor Bruce Kauffman writes of seeing with a naked heart - a phrase that encapsulates much of this striking new collection. These are tough little poems that grapple with life's paradoxes and with mortality itself; but they also undulate and whisper and resonate with a graceful silence. Kauffman's is ultimately a poetry of renewal and expansiveness. His poet's eye ranges from low to high, from insects to hawks - and beyond, to Poe's raven. And in all of this, the forest is never far away. These poems get under your skin and stay there. - Jeanette Lynes, Author of Archive of the Undressed In *The Silence Before the Whisper Comes*, Bruce Kauffman transports readers to those hushed moments in which we experience a profound and often unsettling connection to the earth and our place in it. The blueness of the sky, a woman braiding her hair, the song of the wind - Kauffman takes everyday moments and infuses them with reflection, yearning and poignant beauty. - Clelia Scala, Editorial Director for The Open Book Foundation.
