HEREDITY: A VERY SHORT INTRODUCTION (VERY SHORT INTRODUCTIONS)

Oxford University Press. Paperback. Condition: New. 144 pages. The concept of heredity is fundamental to how we see ourselves and others. It goes far beyond the obvious continuity of physical traits across generations. We routinely ascribe similarities in personality, intellect, outlook, and aptitude between family members to what's passed down in sperm and eggs. The simple idea that children take after their ancestors has long been central to science and medicine and to the breeding of plants and animals. It..

Reviews

This is actually the very best book i actually have read till now. This is for all those who statte that there was not a worth studying. Its been written in an remarkably straightforward way which is merely following i finished reading this publication by which in fact altered me, modify the way i believe.
