Excerpt: . . . 2 Teaching Mathematics in Seven Countries Results From the TIMSS 1999 Video Study To compare teaching practices among countries and identify similar or different lesson features across countries; and To describe patterns of teaching practices within each country. Building on the interest generated by the TIMSS 1995 Video Study, the TIMSS 1999 Video Study had a final objective regarding effective use of the information: To develop methods for communicating the results of the study, through written reports and video cases, for both research and professional development purposes. The TIMSS 1999 Video Study was funded by the National Center for Education Statistics (NCES), the U. S. Department of Education's Fund for the Improvement of Education, and the National Science Foundation (NSF). It was conducted under the auspices of the International Association for the Evaluation of Educational Achievement (IEA), based in Amsterdam, the Netherlands. Support for the project also was provided by each participating country through the services of a research coordinator who guided the sampling and recruiting of participating teachers. In addition, Australia and Switzerland contributed direct financial support for data collection and processing of their respective sample of lessons. The current report focuses on the findings of the mathematics portion of the TIMSS 1999 Video Study with brief descriptions of the methods used (see appendix A). A detailed description...
