

Epilepsy Case Studies: Pearls for Patient Care

By -

Springer. Hardcover. Condition: New. 192 pages. Dimensions: 9.2in. x 6.0in. x 0.7in. Written by expert epilepsy clinicians from the Mayo Clinic, *Epilepsy Case Studies: Pearls for Patient Care* presents a wide variety of case histories drawn from real life experiences in people with seizures. Designed to stimulate the same deductive reasoning that is commonly used when seeing epilepsy patients in the clinic, this practical book presents the clinical scenario and then poses a range of stimulating questions to organize the readers thoughts to address each case. Questions that revolve around each case include common ones such as How does this test help us with the diagnosis and What is the precise relationship of the patients seizures to their overall neurological condition. The most poignant questions include How does this information help us to devise a treatment plan and What do we know about the anticipated course and prognosis. The questions raised in each section incorporate the clinical course and evaluation. Where possible, the discussion relies upon the latest medical evidence to support the responses and includes up-to-date techniques used for patients with and without seizure control. At the end of each case a few salient citations are referenced, as are a few of...
