Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Cartesian dualism and existentialism are two of the most influential schools of thought to develop in modern Western philosophy. Dualism is an explanation of the mind, while existentialism seeks to describe a normative way of life. What happens, though, when you combine the two concepts into a new philosophy, specifically, a philosophy of mind? You get the conception of dualistic existentialism. What is dualistic existentialism? In Defense of the Mind seeks to expound the philosophical notion of dualistic existentialism. Indeed, it would seem that in our day and age, the mind and its power is under attack, whether because we believe the mind is simply the result of neurons firing and telling us what to do, or because we think too much of our behavior is unconscious and thus, unknowable and out of our control, or a host of other prevailing deterministic and materialist theories. Dualistic existentialism seeks to remedy that problem with a brand new philosophy of mind. Drawing on the dualistic notion of the mind as propounded by Descartes, namely the idea that the mind is a separate...
