Brand New Book ***** Print on Demand *****.Today, many scientists no longer view the universe as an agglomeration of parts; they see it as a holographic field where every part contains the whole within itself. However, two hundred years ago, the scientist and theologian, Emanuel Swedenborg was already exploring this field within his own being. He called it the spiritual world. Swedenborg also detected that this field is generated, maintained and healed by God's omnipresent Love, Wisdom and Power. In this book, the author shows how all beings are interconnected to all aspects of the universe by means of fields of interaction. We not only exist in the Euclidean space of finite distances and angles; we equally subsist in the infinite projective space of harmonic relationships and angels. As a consequence, we are not only interconnected by physical fields of electromagnetism and gravitation; we are equally interrelated through mental and emotional fields. Understanding the universe is not only a source of spiritual joy; it also enables us to solve our personal problems and restore our connection with the fields of Heaven. In fact, while he was conscious in the spiritual world, Swedenborg also discovered that the Bible is in correspondence with God's true Ideas. And, when we understand the Bible's higher meaning, our mind resonates with mental fields of spiritual intelligence. Moreover, when we willingly put this Wisdom into practice, we are spiritually conjoined with God and affiliated with angels in Heavenly fields of Love.
