GOOD AUTOMATED MANUFACTURING PRACTICE

Alphascript Publishing. Taschenbuch. Condition: Neu. Neuware - Good Automated Manufacturing Practice (GAMP) is a trademark of the International Society for Pharmaceutical Engineering (ISPE). The ISPE's guide The Good Automated Manufacturing Practice (GAMP) Guide for Validation of Automated Systems in Pharmaceutical Manufacture describes a set of principles and procedures that help ensure that pharmaceutical products have the required quality. One of the core principles of GAMP is that quality cannot be tested into a batch of product but must be built into each stage of the manufacturing process. As a result, GAMP covers all aspects of production; from the raw materials, facility and equipment to the training and hygiene of staff. Standard operating procedures (SOPs) are essential for processes that can affect the quality of the finished product. 76 pp. Englisch.
