Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Death stalks a snowbound city from below. Feral dogs are blamed when a popular teen is killed. Is it just coincidence that he disappeared after infuriating 14-year-old Haley, who is torn between her anger and her desire to belong? More attacks implicate a creature of Northwoods myth she befriended in its summer form. As the DNR leads a cougar hunt in town, Haley makes a desperate plan to steal a car and use their empathic bond to lead the creature away from the city -- driving alone into the fangs of a blizzard that makes roads hazardous even for experienced drivers. If she fails, either her monster or more members of her community will die.
