Brand New Book ***** Print on Demand *****.This book for parents details how to guide children and adolescents. The approach is based on the belief that humans are not controlled by consequences (otherwise our prisons would be empty) but instead that we all act to meet our needs. This belief changes everything: it moves the focus from who has the power in a parenting relationship, to who has the need. And its core value is that adults and children have equal rights to get their needs met. Guidance aims to teach children to behave considerately - that is, to think about what happens to others when they act in a particular way.
