

Legitimate Reasons for Nonacceptance of the Theory of Evolution: Why Evolutionary Theories Do Not Make Sense

By James M Lowrance

Createspace, United States, 2012. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Within the four chapters of this book, I point out the greatest arguments that exist today, against The Theory of Evolution. It is of course claimed by evolutionists and atheists who hold to evolutionary theories as explanation for all that exists, that creationists, intelligent design proponents and those who hold to biblical views, are simply in denial regarding scientific proofs for Darwinism, which became what is now recognized as evolution and that is claimed by some in the scientific community, to now be as factual as the laws of gravity. The problem however with the view that evolution is proven, is the fact that it is not a single theory at all but a collection of a vast number of theories. Branching off from the main theory, are what we might call sub-theories including the big bang, the wide range of guesses in regard to the age of things that exist and their varied guesses about which species evolved into advanced ones, going back to their earliest time of existence. The proposed answers for all of these sub-theories...
