## RINGTONE: EXPLORING THE RISE AND FALL OF NOKIA IN MOBILE PHONES

[DOWNLOAD](#)

Oxford University Press. Hardcover. Condition: New. 200 pages. In less than three decades, Nokia emerged from Finland to lead the mobile phone revolution. It grew to have one of the most recognizable and valuable brands in the world and then fell into decline, leading to the sale of its mobile phone business to Microsoft. This book explores and analyzes that journey and distils observations and learning points for anyone keen to understand what drove Nokias amazing success and sudden downfall. With privileged access to Nokias senior managers over the last twenty years followed by a more concerted research agenda from 2015, the authors describe and analyze, the various stages in Nokias journey. The book describes leaders making strategic and organizational decisions, their behavior and interactions, and how they succeeded and failed to inspire and engage their employees. Perhaps most intriguingly, it opens the proverbial black box of why and how things actually happen at the top of organizations. Why did things fall apart To what extent were avoidable mistakes made Did the world around Nokia change too fast for it to adapt And, did Nokias success contain the seeds of its failure This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
