As a husband and as a father of a daughter, I am moved by Sarah Weddington s eloquent reminder of what Roe truly means--that our most private decisions can be made behind the closed doors of our homes, with our families, and in private conversations with our hearts. --Bill Clinton A milestone. . . . Here she recounts with clarity and fervor the remarkable story of how she, her husband and a few other lawyers, supported by a handful of doctors and pro-choice advocates, researched and prepared briefs invoking the right of privacy defense as a main argument to challenge the Texas anti-abortion law. --Publishers Weekly On the fortieth anniversary of Roe v. Wade, women s reproductive freedom is just as contested as it was before abortion was made legal. Adding a new chapter to her celebrated book about the story behind that great legal challenge, Sarah Weddington brings up-to-date the status of choice and constitutional law. Sarah Weddington is an attorney and lecturer from Austin Texas. She became a key figure in the reproductive rights movement when at the age of twenty-seven she successfully argued Roe v. Wade, the landmark court case that gave American women the right to abortion. She has served in the Texas house of representatives, and was a White House advisor to President Jimmy Carter. Weddington travels the country, lecturing on leadership and women s issues.
