THE FIRST CAUSE (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.

The readers of the book The First Cause meet a new understanding of the cause of creation, the identity of the creator, and what it aspired to achieve through it, as well as why human beings have been created and what their importance in the process of the creation of the fruit of life is. The book stresses that the mission of humans is imposed on them, and that they are unable to free themselves of it, because their minds are involved in it. The readers will discover that their lives are of utmost importance in the process of the creation of the fruit of life, which is what the creating power desires. The book offers a real compass for orientation in the confused, confusing, and seemingly purposeless life. It points to the direction it follows and to the changes that it will undergo throughout its journey. Those who accept what this book says will gain an anchor, which will grant their lives more stability, serenity and patience, in confronting the hardships of life and the contradictions that pervades it, which cause recurrent frustration and disappointment. The readers will be able to rise above everyday life and see the achievements of the developing consciousness on its way to the wholeness in which the unknowing creator wants to be known, since it created and creates for itself.
