

Different Eyes: A Writer's View of Life's Little Events

By Des Birch

Createspace, United States, 2011. Paperback. Book Condition: New. 232 x 156 mm. Language: English . Brand New Book ***** Print on Demand *****.Often when we read a short story, we wonder about the surrounding events that placed the idea in the author's mind. Over the years, I have written short stories to amuse close friends and relatives. Countless have been lost over the years but some of the old favourites remain. Different Eyes is a chat around the stories, to show where some of the ideas came from and how things can often change when viewed through another's eyes. This book will make you laugh a lot, cry in places, but most of all it will show you life from a different perspective.

Unquestionably, this is actually the very best job by any publisher. It really is basic but unexpected situations within the 50 % from the book. I discovered this book from my dad and i advised this publication to discover.
