Inspired Living Publishing, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. True feminine courage isn't loud, or brash. It doesn't scream from the rooftops. Instead, it wraps us in loving arms during our darkest times, and whispers, Be brave, for you can do this. You are meant for this, and so much more. From the publisher behind the international best-selling *Midlife Transformation: Redefining Life, Love, Health Success, and the Inspiration for a Woman's Soul* trilogy, comes a new collection of heart-centered, intimate stories by women, about women, and for women. At some point, we are all called to make choices-about our careers, our relationships, our health, and how we show up in the world. These choices determine how we show up in our lives, and how we create our personal realities. However, it is often not until we are at our most vulnerable, our most fragile, that we can hear the soft but inevitable calling of our hearts. What we choose in those moments has the power to ignite our authentic selves and open the way to a life beyond what we ever imagined-or keep us stuck in a life that no longer fits who we are. In *Courageous Hearts*, publisher Linda Joy asks thirty vibrant feminine leaders to revisit the moments in which they made the most courageous choices of their lives-the moments in which they chose to live from their own truth and walk their own paths, no matter how frightening or uncertain the way ahead appeared. In the face of overwhelming fear, vulnerability, and opposition, these brave women chose to act from their deepest soul convictions, honor the calling of their courageous hearts, and step into a more authentic and empowered reality in their own lives.
